

The next **AXIA Intern** could be **you!**

AXIA is a leading, award-winning, privately-owned Investment Banking group founded in 2008 and comprised of a dedicated team of high calibre professionals devoted to providing the best in class service to all our global clients and partners.

Since inception, our primary focus has been the peripheral European region and the international financial centres, which we currently service through AXIA's on-site presence in Cyprus, Greece, Portugal, Milan, London and New York.

Over the years, AXIA has successfully developed an excellent Internship Program, which provides young professionals with the opportunity to work alongside industry experts in order to develop the necessary skill-set, which can define and strengthen their future in the financial services arena.

The AXIA Internship Program is built on rigorous entry standards that identify academic excellence and relies on assertiveness, hard work, determination and, ultimately, long-term potential.

Since the program's outset, AXIA has received in excess of 1000 applications and accepted more than 100 interns; of which 16 were offered full-time positions with the AXIA Group.

AXIA's primary objective is to provide opportunities for students to understand how a dynamic Investment Bank operates across the following divisions:

- Investment Banking
- Equity Research
- Shipping Research
- Legal/Compliance

If you would like to be considered for an internship position at AXIA, applying is just a click away:

Applications may be submitted online at www.axiavg.com/careers

All applications will be treated in strict confidence
